<u>Composition</u>	<u>CAS No.</u>	<u>Proportion</u>
Flavour	-	Major
Colouring Agents	-	Minor
Other Supporting Ingredients	-	Minor

**SECTION 4 FIRST AID MEASURES**

Ingestion :	Give water to drink to dilute stomach contents and seek medical attention.
Eye :	Flush with flowing water for at least 15 minutes and if symptoms persist, seek medical advice.
Skin :	Flush skin with flowing water for at least 15 minutes. Remove any contaminated clothing. Seek medical attention. Wash or rinse thoroughly any contaminated area. Staining will be avoided if rinsed/washed immediately.
Inhaled :	Remove source of contamination or move person to fresh air area. Apply artificial respiration if breathing has stopped. Seek medical attention.

**SECTION 4 FIRST AID MEASURES** *continued*

**First Aid Facilities :** Ensure eye wash facilities are available in the working area.

**Advise to Doctor :** Treat symptomatically.

**SECTION 5 FIRE FIGHTING MEASURES**

**Suitable extinguishing media:** Whatever is appropriate to extinguish the fire.

**Unusual fire and explosion hazards:** Heat may cause evolution of vapours.

**Special protective equipment:** No specific requirements but it is recommended to wear approved respirator and protective gear.

**SECTION 6 ACCIDENTAL RELEASE MEASURES**

**Personal precautions:** Protective gloves and safety glasses should be worn when handling the concentrate.

**Environmental precautions:** Treat as for detergents, prevent from entering into drains, native or natural environments, ie river systems

**Methods for cleaning up:** Clean up spills immediately. Material can be disposed of with general waste systems.

**SECTION 7 HANDLING AND STORAGE**

**Handling:** Ensure over-cap is replaced immediately after use to avoid accidental dispensing.

**Storage:** Stored in a cool place at temperatures between 8°C and 30°C.

**Other Information:** Prevent from freezing

**SECTION 8 EXPOSURE CONTROLS / PERSONAL PROTECTION**

**Respiratory protection:** Not applicable as toxic vapours or mists are not produced under normal operating conditions.

**Hand protection:** Use occupational protective gloves when handling pastes. Vinyl, latex or nitrile rubber gloves are recommended.

**Eye protection:** Safety glasses which comply with Australian Standard AS1337 and used in accordance with AS1336, are recommended.

**Body protection:** Clean clothing or protective clothing should be worn.

**General safety and hygiene measures:** Always wash hands before and after handling solutions and before handling food or using the toilet.

**SECTION 9 PHYSICAL AND CHEMICAL PROPERTIES**

Appearance .....: Dark green, coloured solution

Odour / Fragrance .....: Strong spearmint fragrance

Boiling Point (oC) .....: NA

Vapour Pressure .....: NA

Specific Gravity .....: Approx. > 1

Flashpoint (oC) .....: NA

Flammability Limits (%) .....: Not flammable

Solubility in Water (g/L) .....: Complete

pH .....: <5

**SECTION 10 STABILITY AND REACTIVITY**

**Stability:** Stable under normal conditions

**Conditions to avoid:** Exposure to excessive heat or sun light

**Materials to avoid:** Material should not be mixed or diluted with materials other than water

**Hazardous decomposition products:** None under normal conditions

**Hazardous reactivity (polymerization):** Will not occur

**SECTION 11 TOXICOLOGICAL INFORMATION**

Ingestion : Ingestion of the concentrate without dilution may cause irritation to the digestive system.

Eye : Direct contact with the concentrate may cause severe irritation.

Skin : Low irritation expected on contact with skin.

Inhaled : Mild irritation possible if high concentrations of the concentrate are inhaled.

**Chronic :** There are no other known long term health effects expected

[according to GHS and NOHSC:2011(2003)]

Product : HSH MOUTHRINSE CONCENTRATE 200mL

Version 1

Prepared : 12.07.2007

**SECTION 12 ECOLOGICAL INFORMATION**

**Ecological Information** It is unknown as to the long term effects on the aquatic environment.

**SECTION 13 DISPOSAL CONSIDERATIONS**

**Disposal Considerations:** Dispose of according to relevant local, state and federal government regulations.

**SECTION 14 TRANSPORT INFORMATION**

U.N. Number :	NA	Dangerous Goods Class :	NA
Hazchem Code :	NA	Subsidiary Risk :	NA
CAS Number :	NA	Pack. Grp. :	NA

**SECTION 15 REGULATORY INFORMATION**

Poisons Schedule : NA

**SECTION 16 OTHER INFORMATION**

Product is considered safe if used as intended.

Product is intended for Professional Dental and Medical Use only.
