Do not rub effected area.**Skin :** Flush skin with flowing water for at least 15 minutes.**Inhaled :** Seek medical attention.**First Aid Facilities :** Ensure eye wash facilities are available in the working area.**Advise to Doctor :** Treat symptomatically.

SECTION 5 FIRE FIGHTING MEASURES

Suitable extinguishing media: Whatever is appropriate to extinguish the fire.

Unusual fire and explosion hazards: Heat may cause evolution of vapours.

Special protective equipment: No specific requirements but it is recommended to wear approved respirator and protective gear.

SECTION 6 ACCIDENTAL RELEASE MEASURES

Personal precautions: Protective gloves and safety glasses should be worn when handling the paste.

Environmental precautions: Treat as for detergents, prevent from entering into drains, native or natural environments, ie river systems

Methods for cleaning up: Clean up spills immediately. Material can be disposed of with general waste systems.

SECTION 7 HANDLING AND STORAGE

Handling: Ensure caps for containers are replaced and tightly closed immediately after use.

Storage: Stored in a cool place at temperatures between 8°C and 30°C.

Other Information: Prevent from freezing

SECTION 8 EXPOSURE CONTROLS / PERSONAL PROTECTION

Respiratory protection: Not applicable as vapours or mists are not produced under normal operating conditions.

Hand protection: Use occupational protective gloves when handling pastes. Vinyl, latex or nitrile rubber gloves are recommended.

Eye protection: Safety glasses which comply with Australian Standard AS1337 and used in accordance with AS1336, are recommended.

Body protection: Clean clothing or protective clothing should be worn.

General safety and hygiene measures: Always wash hands before and after handling pastes and before handling food or using the toilet.

SECTION 9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Thick, coloured, gritty paste (colour specific to flavour)

Odour / Fragrance: Appropriate fragrance for specified flavour.

Boiling Point (oC): NA

Vapour Pressure: NA

Specific Gravity: Approx. 2

Flashpoint (oC): NA

Flammability Limits (%): Not flammable

Solubility in Water (g/L): Partial

pH: <5

SECTION 10 STABILITY AND REACTIVITY

Stability: Stable under normal conditions

Conditions to avoid: Exposure to excessive heat or sun light

Materials to avoid: Material should not be mixed or diluted with any other materials

Hazardous decomposition products: None under normal conditions

Hazardous reactivity (polymerization): Will not occur

SECTION 11 TOXICOLOGICAL INFORMATION

Ingestion : Low toxicity unless swallowed in large amounts. May cause irritation to the digestive system.

Eye : The paste may scratch surface of eye.

Skin : Low irritation expected on contact with skin.

Inhaled : Should not be inhaled (unlikely). Irritancy unknown.

Chronic : If swallowed in large amount, may upset digestive system for short time. There are no other known long term health effects expected.

SECTION 12 ECOLOGICAL INFORMATION

Ecological Information It is unknown as to the long term effects on the aquatic environment.

SECTION 13 DISPOSAL CONSIDERATIONS

Disposal Considerations: Dispose of according to relevant local, state and federal government regulations.

SECTION 14 TRANSPORT INFORMATION

U.N. Number :	NA	Dangerous Goods Class :	NA
Hazchem Code :	NA	Subsidiary Risk :	NA
CAS Number :	NA	Pack. Grp. :	NA

SECTION 15 REGULATORY INFORMATION

Poisons Schedule : NA

SECTION 16 OTHER INFORMATION

Product is considered safe if used as intended.

Product is intended for Professional Dental and Medical Use only.
